CIVIL SERVANTS IN CIVIC POLITICS

LEADER OF OPPOSITION INTRODUCES DISCUSSION IN HOUSE OF COMMONS

Montreal, Jan. 23.—A great variety of matters engaged the attention of the members of the House of Commons today, but the greater part of the time was taken up with the discussion of motions of censure or for returns. The related to the railway strike, the proposed extension of Edward Island's long deferred tunnel project to the Montreal power development, and the like.

At the evening sitting, Mr. L. Gordon introduced a discussion on the subject of the relations of Government officials to municipal offices, basing his remarks on the case of Mr. Gifford, who had been a committee officer, drawing a small salary, who had been compelled to resign his post because he had been elected to the House.

Sir Wilfrid Laurier said that he was surprised to hear of this, as he did not know that the members of customs, could not give an explanation. He would think that the Opposition might be right, but the anomaly exists which must be rectified. Sir Wilfrid intimated the case of Mr. Gifford was not unique, as one of his colleagues was still a civil servant. He said he had been glad to receive guidelines in writing a rule from which all the members of the House.

At a late hour, Mr. Foster commented a criticism of the conduct of the members of the House of Commons to the affairs of the defunct Farmers' Bank.

H. D. Miller, of south Galt, on behalf of the Government, defended the department and said that it did not have information on which, indeed, the law, was violated, as no inquiry had been taken. Earlier in the day, a number of important questions relating to the bank.

Farmers' Bank Question.

In reply to a question by Mr. Christie, of Huron, as to whether any representations were made to the Government or to any official of the finance department by the Canadian Bank of Commerce, he said that no private individual during the two past years with respect to the stability of the Farmers' Bank, Sir Wilfrid Laurier said:

"So far as the records of the department show, no representations were made during the time referred to. Transactions in which the Farmers' Bank through its agents managed to get into difficulty in December, 1909, with the First National Bank of Syracuse, and the like, were due to the fact that the Bank on a deposit receipt for \$12,000, in such connection were brought to the attention of the House of Commons, but beyond suggesting the irregularity and impracticability of the transaction, no representations were received to indicate that the Farmers' Bank by these means came into a position of instability."

NEARLY DIED OF STONE IN THE BLADDER

GIN PILLS SAVED HIM

113 James St., Hamilton, Ont.

"Please allow me to take down with what the doctor called inflammation of the Bladder, I had a stone in my bladder and difficulty in urinating, and the attacks, which became more and more frequent, caused me agony. I became so weak that I could not walk across the floor."

"I read all the papers about GIN PILLS and sent for a box. From the very first, I felt the GIN PILLS were doing me good. They were collected at once and the attack was less frequent."

"Six weeks, the Stone in the Bladder came away. When I recall how I suffered, I am thankful to God for His health and able to work. I cannot express myself strongly enough when I say that what the GIN PILLS did for me."

JOHN HERMAN, 46

MONTRAL NUN KILLED IN ELEVATOR SHAFT

SISTER STE. EUCERIE, of the Congregation of Notre Dame, who held certificates as Mechanical Engineer, died yesterday morning, shortly after she had been admitted to the Mother House.

Montreal, Jan. 22.—Sister Emilie Eucherie, of the Congregation of Notre Dame, met an instantaneous death yesterday morning, shortly after she had been admitted to the Mother House.

Mr. Hordeau, who was in charge of the elevator shaft, said that he had been informed that the Government's hands would be brought forward frank and freely. If there was any carelessness everybody in the House was to blame for a removal of the elevator, but he had been working without a dissenting voice. Mr. Hordeau stated that had the Government taken steps to have the cause of the accident, it would not have occurred.

MCCURDY'S PROPOSED FLIGHT

Canadian Aviator Will Key West

Key West, Florida, Jan. 23.—A. J. D. McCurdy, the Canadian aviator, who will try to fly from Key West to Havana, returned here yesterday after flying from his landing place. While it was originally announced that McCurdy would leave Key West on Saturday to land in Cuba, he has now decided to leave Wednesday. Forms will be ready for the deck of the steamer to receive him when he arrives.

The boats of the Canadian government will form a party of a return flight, now ordered by the House.

RIDICULOUSLY SMALL STAFF

Employed in Wimbleton to Inspect Wiring of Buildings

Wimbleton, Jan. 23.—The inspection committee, which is inquiring into the causes of recent fires and studying the work of the electrical contractors, has a staff of four men, who are very fit. It is extremely improbable that there will be any material rise in the price of the services of the electrical contractors, making it from 12½ to 14½ cents per unit.

A. J. Tamm, Who Came West for Major Bell Passes Away.

Indian Head, Sask., Jan. 24.—A. J. Tamm, a resident of Indian Head since 1882, died at his residence here last night. Mr. Tamm was brought west under contract by Major Bell in 1882 to build the cottages on the elevated Bell farm. Completing the contract, he remained in the chief holdings and business blocks in Indian Head, including the hotel, which he operated until his death. He leaves a wife and four children.

NEW WELLAND CANAL PROMOTION

Demand Attention First Says Toronto Board of Trade.

Toronto, Jan. 23.—At three o'clock tomorrow afternoon the opening of the third session of the twelfth Legislature of Ontario will be opened by the King. The speech from the throne is not expected to contain any surprises. Reference will be made to the petition of King Edward and the accession of King George. The progress in the construction of the new Government House will be communicated on.

The speech will be followed by the establishment of the Central Prison Farm at Gaithurst and the completion of the Welland Canal, the extension of the Georgian National Park and the improvement of such sections of the railway system as are of public importance, to wit: the re-erect by ministers of the crown of the mounds and the required compensation of such sections as" testimony to the value of the railway.

The speech will foreshadow an extension of the system of agricultural instruction now provided for by the new law, previous to technical and industrial education in the province.

The address in reply to the speech will be moved by Mr. Pratt, south Norfolk, and seconded by Mr. Torcato.

The session opening today will be short and the House will probably adjourn about noon. The King, however, being few subjects of a contentious nature in the calendar, the session may be adjourned early and the provincial treasurer will deliver his budget speech next week, when the house will again be in session.

The license legislation promised in the speech from the throne will probably take the form of a readjustment of the fees so as to make them bear more proportion to the profits of the liquor trade.

VIGOROUS PLEA OF PREMIER SIFTON

ALBERTA'S PRIME MINISTER ADDRESSES THE CANADIAN CLUB IN TORONTO.

Toronto, Jan. 22.—In a ringing fifteen minutes speech this afternoon at the Canada Club, the Honourable A. E. Sifton, Premier of Alberta, made a vigorous plea for the unity of the three Prairie Provinces of Alberta, Saskatchewan and Manitoba with the other provinces of the Dominion. Citing the fact that these three provinces, which have no coal or mineral mines, yet have to spend large sums annually for the protection of the lives of men who travel their lands from fire, Premier Sifton declared that the time would come when these provinces would be compelled to turn to the administration of Korea. Counting the cost, he declared that the foreign powers recognized this as inevitable. The negotiations of new treaties are now under way, and it is likely the same treatment will be accorded New Brunswick, Nova Scotia and Ontario on the east and British Columbia on the west.

No Quarrel With East.

"We have no quarrel with the East," declared Mr. Sifton. "We are not envious or jealous of your greater wealth or your greater political influence. We are not jealous of your power with you, but we think it not unfair to ask that you be allowed to own and control the natural resources of the West, just as the other provinces do. When this inequality is removed, then will we be in a position to live in peace and quiet, for our great Dominion."

Mr. Sifton was willing to admit that at the present time what he created it might have been all right for the Government to act as it did in view of the financial resources available in the Dominion Government but the times had changed. With the growth of the West, the time had come when these provinces were suffering from the discrimination.

INSANE MAN CREATES SCENE.

Bank of England.

London, Jan. 22.—A well-dressed man created a scene in the Bank of England today and gave the clerical force there a moment's time of overpowering. The bank detective who had their attention directed to the weird individual who was walking suspiciously as he混迹 with the crowd in the vicinity of the bank teller's window. Noticing the figure, he followed him, arrested him and when seized and when seized made a desperate dash.

What he was finally overcome, fully loaded revolver was taken from his pocket. Later, he was said to have been committed to a lunatic asylum.

At the police station, the prisoner declared that he was a son of God. Vowing that he would be calmed at the bank to withdraw the deposit which he had there.

He was a physician and being declared insane was removed to a hospital. The man's identity is in doubt.

HOT DEBATE IN LEGISLATURE.

Charges Against Saskatchewan Ministers Heatedly Discussed.

Regina, Jan. 22.—The whole of today has been given over to a debate taken up with the further discussion of the charges made by opposition members against the Minister of Agriculture, Mr. T. G. Turgan and for almost five hours, the debate, which was the warmest yet in the history of the Legislature, has centred around the papers of the opposite party to the effect that they published unfair and untrue stories about the former charged Mr. Haughton with being in the same position as that which was held by Mr. M. M. McGehee and Turgeon. But Mr. Haughton contended that he was a son of a private member of the Legislature and that a member of the Government to progress was made with the reading of the Compensation Act.

Hufton Gains a Victory.

Saskatoon, Jan. 22.—The petition for a new hearing of the charge and order against Mr. T. G. Turgan has been granted for four years on a charge of bribery of the School Board supervisor. The first district court of appeals which upheld the action of the trial court in refusing the request of the case to the Supreme Court which will hear the case at its July term.

Gough Meets Death Dead.

Guelph, Jan. 22.—For twenty years a dry goods merchant here, dropped dead at his residence yesterday morning. His unusual health and had just come in from a drive, when in a severe fit of coughing, he fell to the floor and died, and expired immediately. He leaves a wife and a family of grown-up daughters. Mr. Bowdell, of London, is a brother.

Winnipeg, Jan. 22.—A strike of garment workers, 125 members, has started at one stroke tonight, making the union one of the strongest in the West. This is the union that voted all to the German Workers in

TO RENEW ANGLO-JAPANESE TREATY

Continued from Page 1.

COUNT KOMURA IN JAPANESE PARLIAMENT SAYS RENEWAL IS BEING NEGOTIATED.

Tokio, Jan. 22.—Count Komura, Minister of Foreign Affairs, speaking in the Lower House of the Japanese Parliament, said that the foreign relations of Japan were unscathed by a single incident standing in the way of a friendly relationship. The Russo-Japanese convention of 1910, concerning railway and other interests in Manchuria, he declared, was merely confirmatory, relating to the administration of Korea. Count Komura also declared that what the foreign powers recognized as inevitable, the negotiations of new treaties are now under way, and it is likely the same treatment will be accorded New Brunswick, Nova Scotia and Ontario on the east and British Columbia on the west.

No Quarrel With East.

"We have no quarrel with the East," declared Mr. Sifton. "We are not envious or jealous of your greater wealth or your greater political influence. We are not jealous of your power with you, but we think it not unfair to ask that you be allowed to own and control the natural resources of the West, just as the other provinces do. When this inequality is removed, then will we be in a position to live in peace and quiet, for our great Dominion."

Mr. Sifton was willing to admit that at the present time what he created it might have been all right for the Government to act as it did in view of the financial resources available in the Dominion Government but the times had changed. With the growth of the West, the time had come when these provinces were suffering from the discrimination.

RAILWAYS ARE RESPONSIBLE.

For Shortage of Coal Supply in Winnipeg.

Winnipeg, Jan. 22.—The shortage of fuel in the city is due to the carelessness of civil officials to the dilatoriness of the railways in bringing forward the supplies of coal from the Lake ports.

He Fell Down Stairs.

Winnipeg, Jan. 22.—While walking down the steps of the hotel of the Honourable A. E. Sifton, on Avenue, this evening, accompanied by Rev. Father K. C. Mooney, Stephen Morris, Mr. W. F. Ross and Mr. J. W. Young, as vice-presidents of the Board, he slipped and fell to the bottom and when picked up was dead. Dr. Yorke, surgeon, who attended him, died from heart failure. There will be an inquest.

Sunday Races.

Chatham, Jan. 22.—The fact that there is little respect or fear of the Lord's Day Abominations. Yesterday the Farmers' Protective Society held a horse race on the river ice. Large crowds of spectators from the city attended.

Fisheries and Game.

On the subject of fisheries, game, and fur-bearing animals, our report will seek, as far as possible, to lay before the public the results of this most important subject, collecting information which is necessary to the proper understanding of the position. We shall submit in our report an analysis of the laws relating to the fisheries of the principal dominion and provincial governments, and the laws relating to the fisheries of the various commercial fish as far back as figures are available, and particularly during the past ten years. In addition to labor, we have had these statistics reduced to terms of weight instead of volume, so that the reader may easily see that the quantity produced has diminished. There is no better source of information than the annual reports of the Canadian Fishery Commission.
